

June 27
Nebraska Innovation Campus Tour and Reception

PLEASE FEEL FREE TO FORWARD TO OTHER CO-WORKERS, CLIENTS, ETC.

JUNE 27
NEBRASKA INNOVATION CAMPUS
TOUR AND RECEPTION

www.mitaonline.org

EVENT SPONSOR

Learn how businesses are utilizing the campus and food processing center to develop partnerships between the University of Nebraska and the private sector. These state-of-the-art facilities offer companies a space filled with ample resources and development amenities to bring great ideas to life, foster innovation and growth. The campus features wet and dry labs, office space, pilot-plant space, a greenhouse, a robust food processing center and much more.

Quantified Ag, a Nebraska Innovation Campus (NIC) tenant, will share their success story presented by CEO and Co-Founder, Vishal Singh, giving examples of how they have been able to utilize the NIC's talent and resources in order to grow their business. Quantified Ag is a leading livestock analytics company enabling managers to care for their livestock individually and in real-time.

The event will conclude with MITA, in conjunction with Dvorak Law Group, LLC, hosting a cocktail reception at The Mill Coffee & Bistro, NIC's trendy café and bistro, for an opportunity to network and view one of the most relevant Lincoln café's and resources for businesses and student's alike.

SPEAKERS

Vishal Singh
Co-Founder and CEO
Quantified Ag

Vishal Singh is co-founder and CEO of Quantified Ag. Quantified Ag is a precision livestock analytics company. Think FitBit for cattle! The company's system electronically monitors the health of cattle; identifying sick animals sooner and more accurately than conventional methods.

Mr. Singh's responsibilities include the development of a patent-pending sensor and software platform for the beef cattle feedlot industry, customer development, business modeling, fundraising, collaborating with engineers, industry experts, and business advisors. I lead a talented team with expertise in software development, animal science, data analysis, user experience, and business.
